Welcome to our new children Harry LeBrun, Jonathan Degner, Tyson Wratten-Shearer, Archer Trezise, Sophie Sheehan, Jess Maywald and Eliza Abley.

This term our focus is the “Little Red Hen” Our program will be centered around the story—activities will include growing wheat, cooking bread and visiting the bakery. We will be learning where chickens come from. We may even have a real chicken at kindy for a visit. Our gross motor activities will focus on using our new equipment we brought from our “Health Track” grant money. We will be setting up obstacle courses to extend the children’s spatial awareness, balance and creativity. We have been given some tadpoles we are watching them turn into frogs. Children are enjoying looking at them with magnifying glasses.

Excursion
On August 25th (Thursday) we are going to the Koppio Museum. We will be looking at old farm equipment and how things used to work, as part of our Little Red Hen program.
