
We will be focussing on "Australia". Activities will include Australian animals, states that make up Australia and where we live, also Aboriginal culture and the Aboriginal and Australian flags.

Charli Butler brought in some tadpoles, we will be watching them over the term as they change into frogs.

Drama focus will be Wombat Stew, Tiddalick and Farmer Bears and the Pantry Frog. We will also be learning related songs and games eg. give me a home, travelling round Australia, and the Australian anthem - Advance Australia Fair. Our new garden bed is finished and we have planted flowers and hyacinth bulbs. We have also put a hyacinth bulb in a glass of water to watch it grow.

REMINDER
Under our Nutrition Policy "chocolate covered anything" is not allowed to be sent to Kindy. We have a copy of the policy on the noticeboard and please ask us if you have any queries.

To Lionel Hollier for putting the sleepers in and extending the sand area under the playground, it looks great!!

DENTAL CARE
A screening program by the Australian Dental Association has found that a third of preschoolers need some form of dental treatment. "In our opinion, rising decay rates can be largely attributed to the increased consumption of sugary, acidic drinks and snacks" said program spokesman.

Thank You
PHOTO BOOKS

There are still a few for sale @ $20 each. They are photos from Term 2 of all the kindy children. They are a once off project, we have no plans to do them again. Come and have a look!!
